COLOR SELECTIONS

GIVE YOUR COLOR DIRECTION

With subtle, linear veined designs in white, cream and gray tones, this color collection adds distinct direction and visual appeal to any design. Selected specifically to support both commercial and residential design pallets. Let the variation in these colors provide contrast to your creation.

Chardonnay MSB-921 Cirrus MSB-922 Cararra MSB-927

SIMPLICITY

From solid white to a particulate mist color with semi-translucent chips, these colors are appropriate for all commercial applications, and can also be used in residential applications. The simplicity of the design will fit the budget of most any project.

White MSB-901 Ice MSB-984 Storm MSB-983 Fawn MSB-982

Printed representation of colors may vary from samples due to printing limitations. Photographs of Mystera colors are not large enough to represent the full pattern.

TRIM & ACCESSORIES

The Mystera trim & Accessories allow maximum flexibility in creating a personalized space.

Individual 6" and 9" Diagonal Corner shelves pair nicely for a customizable caddy look.

FUNCTIONAL STYLE

Shower Shelf Unit shown in Chardonnay on front cover. Small & Large Diagonal Shelf shown in image above.

COMMERCIAL SHOWERS & TUB SURROUNDS

Commercial vertical wall projects may require special panel sizes and unique trim and accessories, based on "as built" conditions or new construction design.

Mystera vertical wall panels are the perfect solution for University housing, multi-family complexes, or Hospital rooms. Mystera ¾" solid surface panels create a clean and durable surface.

Image shows Mystera Fawn MSB-982 shower dressing rooms in a university dormitory.

Materials for larger projects can be made to the architectural specifications and shipped to the jobsite including custom colors and sizes. Custom ¾" privacy partitions, doors and pilasters are the perfect fit for dressing rooms and toilet partitions. Up to twelve week lead times are required for special orders.

BENEFITS OF MYSTERA COMMERCIAL PRODUCTS

- Initial capital costs fit the budget
- Non-porous and resistant to mold and bacteria
- Easy to clean
- Scratches or light damage caused by heavy use can be buffed out in place without removing or replacing the material
- Custom sizes for panels and trim are available with adequate lead times
- Non-standard ¾" thick partitions and doors are available with adequate lead times

Contact your Mystera Solid Surface Representative to assist in specifying your next commercial remodel or new construction project.
